

About Us

Zhejiang Qiang Wei Hardware Co.Ltd was founded on 1997 and we are one of the biggest curtain rod factory in China. Now we have three factories; plating factory, drapery hardware and furniture hardware factory and new packing center.

We started from a small furniture hardware workshop with only one stamping machine in 1997,the product is only the metal hing, small hook and other small furniture hardware. In 2002,we built a new factory to make curtain rod,we are very successful on this product since we set up a full line of this product,we make every part in our factory,this why we can control the quality and cost.

We can pass "BSCI" and "Sedex" Social&Quality responsibility audit every year and the material of our products can meet the "REACH" standard.

Our Strategy are:Continue to develop furniture Hardware product, pay our best to develop low price and high quality product.Develop Window drapery hardware; we have the big capacity and advanced machine for the drapery hardware line.
